Stainless Steel Kegs

The sustainable choice for Africa

Franke Beverage Systems is the world's leading provider of **stainless steel beverage containers**. Our mission is to provide quality products and respect the environment. Franke kegs are both environmentally friendly due to the usage of a 100% recyclable material and additionally the economical solution for the beverage transport to your customer.

Franke kegs guarantee:

- 100% food safety and an absolute taste neutrality
- 100% UV protection and gas imperviousness to maximise beverage quality in distribution

These are very important facts every brewery should take into account when looking for a package to deliver their beer safe and in high quality to their customer.

Franke stainless steel kegs are economically & ecologically the excellent package for the brew industry. And come with a 30 years warranty (see www.kegwarranty.com).
